

# **INTERNATIONAL PROJECT**

## **INDIANA EXTENSION HOMEAKERS ASSOCIATION**

**JULY 1, 2008 – JUNE 30, 2009**

### **HABITAT for HUMANITY in HAITI**

Our donations, every cent, will be designated to buy supplies to build a home in Haiti, the poorest country in the western Hemisphere. It costs \$3,000.00 to build a home there. These homes are built by volunteers through the Habitat for Humanity Projects.

If each of **you**, our members, would **donate \$1.00**, the Indiana Extension Homemakers Association could **build four (4) homes** for people who live in the poorest conditions. Donations to the International Project from members, clubs, counties and/or districts should be sent to the IEHA State Treasurer before June 30, 2009.

Checks made to **IEHA.**
